The Clinical Problem of Masochism, edited by Deanna Holtzman, PhD, and Nancy Kulish, PhD, is comprised of contributions from prominent experts on psychoanalytic and psychodynamic understandings of masochism. This volume offers therapists of all theoretical persuasions ideas on how to think about and help individuals suffering from masochistic difficulties. --Provided by publisher.

“ I think this is an outstanding book and one that I would recommend for our students. If students digest the lessons of this book the level of practice of medicine in this country will rise significantly!” —Roy H. Maffly, M.D., Associate Dean for Student Affairs, Stanford University School of Medicine

Expert clinical problem-solving methods and guidance—from the editors and contributors of the New England Journal of Medicine This invaluable resource from the New England Journal of Medicine expertly addresses methods and challenges in clinical diagnosis. Including the peer-reviewed content of the NEJM ’ s renowned “ Clinical Problem Solving ” feature, this powerful resource is packed with case discussions from both ambulatory and hospital practice. Each Case Presentation reveals thought-provoking clinical and laboratory clues as the diagnostic considerations begin to emerge. Subsequent clinical detail and discussion and expert analysis add to the diagnostic picture until a final clinical diagnosis is reached. New England Journal of Medicine: Clinical Problem-Solving features: Published cases drawn from the New England Journal of Medicine reflecting actual patient-management situations that physicians experience in their everyday clinical practice Two brand new, never-before-published chapters on medical decision-making skills and methods Wide-ranging coverage of the major considerations in each case, from underlying
