This is okay IF you are buying the property for a low enough price. Just remember - when you buy an older property, you need to allow some room in your cash flow for some "question marks". Be conservative and allow for some small, bad things to happen without putting you in the red. Build up a 6-month reserve and maintain it. You should always have a reserve of cash available to cover the costs of your property when it doesn't cash flow.

Out there somewhere is a buyer looking to buy a business like yours. So if you're ready to sell, make sure you protect your interests and maximize your profit with this all-in-one guide.

In the past decade property prices in the UK have risen by 138 per cent - far higher than in the USA. With no language problems, near-perfect weather and low property prices, Florida is an ideal location

for a holiday or retirement home. Many people now have sufficient equity in their British homes not only to buy a home in Florida, but also to satisfy the investor criteria for immigration into the United States. By setting up a business or investing in a (possibly quite modest) business in the US, they can turn their dream into a reality. The Complete Guide to Buying Property In Florida is the ideal tool for those who want to take any of those steps. It deals with every aspect of buying or renting a home in Florida in a practical, straight-forward style. There are maps, useful addresses, Web sites, and information on a whole host of topics including: choosing a location, renting, purchasing, buying land, letting, selling, taxation and inheritance rules, and retiring, working and setting up a business. Comprehensive and readable, it will help any prospective buyer avoid the pitfalls and get everything right first time.

Offers a complete overview of these special, usually smaller, residences. It points out dozens of hints and suggestion as to what to look for as well as demonstrating the many mistakes common with these types of investments. You will learn how to find the best opportunities, to negotiate, finance, budget, handle pre-construction issues, set values, and make the offer. You will be able to define what you are buying (and what you are not) issues on your right to sell, lease, or mortgage. You will be prepared for restrictions pertaining to children, pets, parking, vehicles, boats, music, maintenance of windows, doors, screens, air conditioners, plumbing, club memberships, recreation facility leases, use of recreational facilities, and common areas. In addition, you will learn the advantages of using credit reports, home warranties, insurance, creative financing, closing procedures, moving plans, closing and settlement inspections, and certain legal contracts. You will have instruction in obtaining mortgages -- which government agencies can help, considerations for veterans, IRA use, hiring an attorney, calculating monthly payments, and establishing an escrow account. The real estate and mortgage glossaries alone are invaluable resources, even for the 'old hand' at property acquisition.

In real estate, it's a buyer's market - and here is the buyer's bible... Buying a home is the single most important financial move in most people's lives. This book covers a variety of topics including inspecting, evaluating, negotiating, financing, contracts, and legal issues. It also breaks down the roles of the key players and what these professionals, agents, brokers, and inspectors are responsible for - and when to go it alone. The thorough advice, covering everything from buying houses at auctions to what neighborhood to live in, will provide reassurance for every soon-to-be homeowner. - A necessary tool for those who plan to buy homes and even current homeowners in order to keep up with an ever-changing market. - Will be published in time for spring, when most people start looking into buying new homes. - Covers a broad range of buying options and homeowner's needs.

So you want to buy a new business - and leave the corporate world behind. Congratulations! You now have the opportunity to find both psychic and financial rewards doing something you truly enjoy - if you plan carefully. Finding the right business and buying it right is the subject of Richard Snowden's The Complete Guide to Buying a Business. This advice-packed book presents expert advice and a detailed action plan for making the move from company employee to company owner. Written by a business acquisitions specialist, it illuminates both the personal and practical issues associated with locating a suitable business, negotiating a sales price, and managing it profitably for years to come. Of course you'll need to know whether or not you're cut out to own a business before you leave your job and invest your life's savings. The Complete Guide to Buying a Business helps you decide if you're ready to leave the rat race and answers such critical questions as: What is the tradeoff between risk and compensation? If the corporate world is no longer "it" for you, then what is? What are the advantages and disadvantages of self-employment? Finding a business that fits your goals is essential to your success and happiness. Small businesses rise or fall mainly on the talent of the owner. Therefore it's important to identify the specific skills that will make or break you as a business owner, Snowden warns. Packed with exercises, The Complete Guide to Buying a Business aids you in matching your experience, skills, and personal life-style preferences with a suitable enterprise. The book furnishes professional techniques for locating the business for you, as well as tactics for researching companies that are for sale. It also features compelling case studies - and do's and don'ts - from people who've successfully bought their own businesses. Once you've found a business that interests you, you'll need to know what to pay for it. Snowden explains how you can evaluate a company's potential and look beyond its financial statements to determine its true worth. Using examples and analysis, he unveils the secret of calculating a sales price. He also supplies you with winning strategies to use at the negotiating table, as well as practical guidance for dealing with professional advisers. Buying a suitable business isn't easy. Fully three-quarters of people fail in their attempts because they lack knowledge and a plan of action. But as Snowden states, "If you approach the job of finding the right business for you with due diligence and intelligence, the odds are excellent that you will find a company that has a high likelihood of long-term success under your directorship and the potential for an excellent financial return, as well." With dedication and The Complete Guide to Buying a Business, you'll have the tools to make your search a fruitful one - and your business a rewarding venture.

You are about to learn the true secret of real estate investing real estate options. WHO really makes money in Real Estate? Realtors, sellers, appraisers, the bank, brokers, mortgage brokers, closing companies, attorneys, taxing authorities, and lastly perhaps you the investor who takes all the risk and does all the work, while having to evict tenants and clean up their mess after they've left. But there is a new, unique and innovative method of investing in real estate. A Real Estate Option gives you control of a piece of real estate without actually purchasing it. By having an option on a piece of

property, you have the exclusive right to buy that property or not. A real estate option is simply a contract between the seller and buyer giving you the legal right not obligation to buy the property at a set price for a predetermined time. When you find a buyer for the property, you cash in your option and deposit a large check. Most real estate investment methods require you to sink a lot of your money, time, and effort into your investments. And it is a slow process, usually one property at a time, often part-time. Using an option instead of purchasing means you do not have to deal with rental property, tenants, maintenance and repairs, taxes, mortgage payments, commissions, or closing costs. In this new book you will learn how to control a vast real estate portfolio without ever buying the property. Let the owner keep paying the mortgage, dealing with tenants and all of the costs. You zero in on the profits. Here is an example, you locate a duplex worth \$400,000, you purchase an option to buy it for \$340,000 anytime within the next 120 days. On Day 60, you find a buyer who will pay the full \$400,000., you activate the option, pay the seller \$340,000, and pocket \$60,000. This is a simplified example, but this new book details how to become a highly successful real estate option buyer, and it demonstrates step-by-step how to get started in this highly rewarding investment strategy. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

Sotheby's C. Hugh Hildesley explains how to pick an auction house, how a sale is created, estimates and reserves, the procedures for buying, methods of payment, and more. Whether you want to buy a chateau in France, a Winslow Homer in New York, or an antique apple peeler in Vermont, here is all you need to know to participate in the world's increasingly popular auctions. 55 photos.
