The doctrine of predestination teaches that everyone who is saved was chosen by God before the foundation of the world (Eph. 1:4, 2 Thess. 2:13). People might conclude that no one can know for sure whether he is saved and will go to heaven. They might reason as follows: Only God's chosen ones will be saved. God's decree of election is hidden in his secret will or eternal plan.

The Doctrine of the Word of God John M. Frame This fourth and final volume in the Theology of Lordship series discusses God's Word in modern theology and how God's Word comes to us as his controlling power, authority, and personal presence.

This book sets the Scottish theologian John Oman (1860-1939) in his historical and cultural context.

Readers familiar with Frame's analysis of historic doctrines and current questions will welcome this long-awaited second installment in the Theology of Lordship series. Here he examines the attributes, acts, and names of God in connection with a full spectrum of relevant theological, ethical, and spiritual issues.

Many contemporary theologians claim that the classical picture of God painted by Augustine and Aquinas is both outmoded and unbiblical. But rather than abandoning the traditional view completely, John Feinberg seeks a reconstructed model—one that reflects the ongoing advances in human understanding of God's revelation while recognizing the unchanging nature of God and His Word. Feinberg begins by exploring the contemporary concepts of God, particularly the openness and process views, and then studies God's being, nature, and acts—all to articulate a mediating understanding of God not just as the King, but the King who cares! Part of the Foundations of Evangelical Theology series.

John C. Peckham introduces and engages with major questions about God's nature and how God relates to the world. Does God change? Does God have emotions? Can God do anything? Does God know the future? Does God always attain what God desires? And is God entirely good? This textbook provides a clear and concise overview of the issues involved in these and other questions, exploring prominent contemporary approaches to the main issues relative to how to conceive of the God-world relationship within Christian theology. In so doing, Peckham surveys a range of live options regarding each of the primary questions, briefly considering where each falls within the spectrum of the Christian tradition and providing clear and readily understandable explanations of the technical issues involved. The result is a stimulating survey of the most prominent options in Christian theology relative to divine attributes and the God-world relationship, offered in an accessible format for students. Designed for classroom use this volume includes the following features: - study questions for each chapter - suggestions for further reading for each chapter - glossary

Classical Calvinist, Modified Calvinist, Classical Armenian, and Open Theist views are evenly and productively discussed in Perspectives on the Doctrine of God.

'The Word of God' is a multi-faceted concept. God speaks but Word is one of Jesus's names. God's personal communications take other forms, through prophets, apostles, and the written Word. Frame investigates them all. --from publisher description

This work examines the problem of how to connect the historic doctrine of the Trinity to Christian devotional practice. Two criteria for a successful Trinitarian spirituality are proposed: that of drawing significantly from nuances of the classic formulations of the doctrine, and dealing with the mode of original Trinitarian self-disclosure, that is, the unfolding biblical doctrine of thehistoria salutis. Various historical attempts at articulating a method are examined, with special emphasis given to the Puritan John Owen.

Internationally acclaimed scholars offer a progress report on current evangelical thinking about God's being and attributes in light of current controversies.

Frame explores our relationship with God as a knowing relationship. He writes, "We tend to forget how often in Scripture God performs His mighty acts so that men will 'know' that He is Lord." He thus examines our knowledge of God as it relates to our knowledge of ourselves and of the world in which we live. Reflecting his conviction that theology is the application of Scripture to life in all situations, Frame combines trenchant analysis of theological, apologetical, and epistemological issues with refreshingly practical insights for living in the knowledge of God. -- Publisher's description.

The doctrine of God is the foundation of Christian theology and the prerequisite of all true faith. This translation provides, in the words of Hendriksen, 'a spiritual treat' for the serious reader.
