A telephone directory, commonly called a telephone book, telephone address book, phone book, or the white and yellow pages, is a listing of telephone subscribers in a geographical area or subscribers to services provided by the organization that publishes the directory. Its purpose is to allow the telephone number of a subscriber identified by name and address to be found.

the OED), what classic, familiar, but little-read book would he turn to next? Yes, the phone book. With his signature combination of humor, curiosity, and passion for combing the dustbins of history, Shea offers readers a guided tour into the surprising, strange, and often hilarious history of the humble phone book. From the first printed version in 1878 (it had fifty listings and no numbers) to the phone book's role in presidential elections, Supreme Court rulings, Senate filibusters, abstract art, subversive poetry, circus sideshows, criminal investigations, mental-health diagnoses, and much more, this surprising volume reveals a rich and colorful story that has never been told-until now.

Finalist for the 2020 Kirkus Prize for Nonfiction | One of Time Magazines's 100 Must-Read Books of 2020 | Longlisted for the 2020 Porchlight Business Book Awards "An entertaining quest to trace the origins and implications of the names of the roads on which we reside." —Sarah Vowell, The New York Times Book Review When most people think about street addresses, if they think of them at all, it is in their capacity to ensure that the postman can deliver mail or a traveler won't get lost. But street addresses were not invented to help you find your way; they were created to find you. In many parts of the world,

Bookmark File PDF The Phone Book How To Get

your address can reveal your race and class. In this wide-ranging and remarkable book, Deirdre Mask looks at the fate of streets named after Martin Luther King Jr., the wayfinding means of ancient Romans, and how Nazis haunt the streets of modern Germany. The flipside of having an address is not having one, and we also see what that means for millions of people today, including those who live in the slums of Kolkata and on the streets of London. Filled with fascinating people and histories, *The Address Book* illuminates the complex and sometimes hidden stories behind street names and their power to name, to hide, to decide who counts, who doesn't—and why.

The unwieldy instrument to a palm-sized staple that even poor fisherman can afford. Assa Doron and Robin Jeffrey investigate the social revolution ignited by what may be the most significant communications device in history and explore the whole ecosystem of cheap mobile phones.

Winner, RSA Book Award, 2017

Terrorist attacks, war, and mass shootings by individuals occur on a daily basis all over the world. In *The Homesick Phone Book*, author Cynthia Haynes examines the relationship of rhetoric to such atrocities. Aiming to disrupt conventional modes of rhetoric, logic, argument, and the teaching of writing, Haynes illuminates rhetoric's ties to horrific acts of violence and the state of perpetual conflict around the world, both in the Holocaust era and

Bookmark File PDF The Phone Book How To Get

more recently. Each chapter, marked by a physical address, functions as a kind of expanded phone book entry, with a discussion of violent events at a particular location giving way to explorations of larger questions related to rhetoric and violence. At the core of the work is Haynes's call for a writing pedagogy based on abstraction that would allow students to appeal to emotional and ethical grounds in composing arguments. Written in a lyrical style, the book weaves rhetorical theories, poetics, philosophy, works of art, and personal experience into a complex, compelling, and innovative mode of writing. Ultimately, *The Homesick Phone Book* demonstrates how scholars of rhetoric and writing studies can break their dependence on conventional argument and logic to discover what
