Shows how international lawyers make non-law (extra-legal, illegal and other non-legal phenomena) and why this matters in global politics today.

Don't Lose Your Saltiness!"You are the salt of the earth; but if the salt loses its flavor, how shall it be seasoned? It is then good for nothing but to be thrown out and trampled underfoot by men." -- Matthew 5:13 NKJVWhat can you do or change to stay salty? Seasonin' Salt is a perceptive work designed to identify the elements in the life of the believer that may have an effect on its saltiness. This book contains one hundred short scripturally based lessons-called "seasonin'"-on subjects such as thinking, growing, words, fruit, faith, time, giving, and vision that are designed to enhance one's saltiness and increase one's fruitfulness.Absorb the material and gain an awareness of what it means to be the salt of the earth. Learnwhich elements are necessary to maintain that status. Includes Scriptures for further study and affirmations for self-empowerment. We cannot make the world thirsty for the Word of God if we are not salty. Over the next one hundred days, let Dr. Peterson help you maintain your flavor and savor with Seasonin' Salt.

Using the accountability framework developed by the World Development Report 2004: Making Services Work for Poor People, this book analyzes the low-level equilibrium and the numerous reforms attempted in recent decades in Peru, and, based on this analysis, proposes interventions that would facilitate the creation of a new social contract for Peru.

"Migration and the Externalities of European Integration analyzes the extra-European dimension of the European Union's (EU) migration policies and the mechanisms developed to enforce the EU's policy decisions. While previous scholarship has tended to overlook the consequences of Europeanization on actors outside the EU this work scrutinizes the foreign policy dimension in EU migration policies and highlights the Union's complex role as an international actor. Written by scholars of migration policy, the essays discuss the impact of EU asylum and refugee policy on Norway, Switzerland, Eastern Europe, Euro-Mediterranean, and EU-Turkish relations and the effect of migration on European immigration controls and welfare policy. This comprehensive treatment of transnational migration will be a valuable resource for students of international affairs, European integration, and international organization."
