Leaving behind a nightmarish college experience, nineteen-year-old Nicole and her best friend, Eric, escape their home of Bangor, Maine to start a new life in Boston. Fragile and scared, Nicole desperately seeks a new beginning to help erase her past, but there is something besides freedom waiting for her in the shadows, a drug that will make every day a nightmare - heroin.

By emphasizing statistical - and managerial - thinking in this book, the authors show how to evaluate the source and quality of their data, as well as what they hope to extract from it. It presents statistical concepts and techniques as a body of knowledge, rather than merely a collection of tools. As they stress statistical thinking the authors aim to teach students to approach statistics as statisticians do. Concepts evolve naturally from previous material, helping students retain and relate to the information. The authors integrate the theme of Statistical Quality Control or Statistical Process Control throughout the entire text. Using this approach, Canavos and Miller aim to teach students to think critically about statistics, and its application to business decision making, as well as how to measure and improve quality and efficiency, and how to be more

competitive in the marketplace.

The American mountain goat is one of the most elusive and least familiar species of hoofed mammals in North America.

Confined to the remote and rugged mountains of the western United States and Canada, these extraordinary mountaineers are seldom seen or encountered, even by those who patiently study them. *Life on the Rocks* offers an intimate portrayal of this remarkable animal through the eyes and lens of field biologist and photographer Bruce L. Smith. More than 100 color photographs and accounts of Smith's personal experiences living in Montana's Selway-Bitterroot Wilderness Area accompany descriptions of the American mountain goat's natural history. Smith explores

their treacherous habitat, which spans the perilous cliffs and crags of the Rocky, Cascade, and Coast mountain ranges. The physical and behavioral adaptations of these alpine athletes enable them to survive a host of dangers, including six-month-long winters, scarce food sources, thunderous avalanches, social strife, and predators like wolves, bears, lions, wolverines, and eagles. Smith also details the challenges these animals face as their territory is threatened by expanding motorized access, industrial activities, and a warming climate. Life on the Rocks showcases the elegance and charm of this little-known creature, thriving in some of North America ' s harshest wilderness.

learn The Truth about the Duke, Caroline Linden ' s wonderful series about three English brothers on a quest to restore their family name, seek their fortunes, and find true love. The Way to a Duke ' s Heart is the thrilling final chapter, as a charming, pleasure-seeking nobleman takes on the serious business of uncovering a blackmailer, and enlists the help of a beautiful, no-nonsense businesswoman who, against her better judgment, finds herself falling for the rake. A RITA Award-nominated author who, as Julia Quinn says, “ touches every emotion, ” Caroline Linden once again demonstrates why she is a true fan favorite, especially for those who adore the exciting romantic adventures of Liz Carlyle and Elizabeth Boyle.

This book clearly articulates the philosophical and epistemological

foundations of Blackfoot ways of knowing. It examines the interdependent, interconnecting and reciprocal relationships of identity, knowledge, and research among the Blackfoot-speaking peoples. It is a journey of connecting the ancient pieces of the knowledge processes of indigenous peoples. This book is an important contribution to indigenous scholarship and offers a special insight into the stories being told through a moving personal narrative.

Take a road trip with the undead . . . in this latest in the Argeneau series by New York Times bestselling author Lynsay Sands For Basha Argeneau, anything is better than facing her estranged family.

Even hiding out in sweltering southern California. But when a sexy immortal in black shows up determined to bring her back to the clan, she'll do anything to keep far, far away from the past she can't outrun. Marcus Notte isn't here to play games—especially not with someone as crazy as the infamous blonde. Asked by Lucian Argeneau to bring her back for questioning, Marcus is determined to carry out Lucian's request—no matter how the seductive little mind-reading vamp feels about it. Basha doesn't mind fighting fire with fire, especially with a hot immortal involved. But if he wants to take her away, he'll have to catch her first . . .
