India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.

From the bestselling author of *Crow Planet*, a compelling journey into the secret lives of the wild animals at our back door. In *THE URBAN BESTIARY*, acclaimed nature writer Lyanda Lynn Haupt journeys into the heart of the everyday wild, where coyotes, raccoons, chickens, hawks, and humans live in closer proximity than ever before. Haupt's observations bring compelling new questions to light: Whose "home" is this? Where does the wild end and the city begin? And what difference does it make to us as humans living our everyday lives? In this wholly original blend of science, story, myth, and memoir, Haupt draws us into the secret world of the wild creatures that dwell among us in our urban neighborhoods, whether we are aware of them or not. With beautiful illustrations and practical sidebars on everything from animal

of sharing their passion for horses and presenting relevant information. First time horse owners will benefit from the book's practical tips without feeling overwhelmed. Readers will be able to relate to each of the authors as they share their own experiences and development of their horsemanship.

--Chad R. Coppess Founder of Cross Training Horsemanship
www.graceadventures.org In today's world, there are two groups of people, who for many reasons, need to connect with a horse... The learning and sharing of experiences are the only way... [to] experience a little something of what horses can do for the inside of a person. This book can take you along that journey. --Danny Cook and Gary Wells
