Welcome to the interstellar civilization known in the far future as the Sectors! This *Badari Warriors* box set gathers the first three science fiction romance novels from this award winning series into one collection. Featuring genetically engineered soldiers of the far future, the Badari were created by alien enemies to fight humans. But then the scientists kidnapped an entire human colony from the Sectors to use as subjects in twisted experiments...the Badari and the humans made common cause, rebelled and escaped the labs. Now they live side by side in a sanctuary valley protected by a powerful Artificial Intelligence, and wage unceasing war on the aliens. Please note each novel has been previously published on its own and all are standalone tales. No new material has been added, aside from a brief Author ' s Note about why I wrote each novel. *AYDARR*: Jill Garrison, a maintenance tech at the Sectors Amarcae 7 colony, goes to sleep one night as usual only to wake up in her nightgown stranded in the middle of a forest on an unknown world. There ' s no time to think as she ' s stalked by carnivorous predators and rescued by genetically engineered warriors calling themselves the Badari. Turns out they and she, along with her whole colony, are now prisoners of the Khagrish, a ruthless race of alien scientists. Working for enemies of the Sectors, the Khagrish have created the Badari to be super soldiers. Aydarr, the Badari alpha, isn ' t sure he can trust Jill but his attraction to her is undeniable. He impulsively claims her as his mate to prevent her death at the hands of the Khagrish. *MATEER*: Megan Garrison, a doctor at the Sectors Amarcae 7 colony, goes to sleep one night as usual only to wake up in her nightgown, strapped to a table in an alien lab, destined to be the subject of terrifying experiments. Granted a brief reprieve, Megan and the other kidnapped humans are released in the middle of a forestlike enclosure on this unknown world and told to survive as best they can for now. Her only hope is Mateer, the genetically engineered alien warrior imprisoned with the humans. He knows more than he ' s sharing about this planet, their captors and the fate of other humans, including perhaps her own sisters. Turns out everyone from her colony has been kidnapped by the Khagrish, a ruthless race of alien scientists. Working for enemies of the human-led Sectors, the Khagrish have created the Badari to be super soldiers. Mateer, a tough Badari enforcer, now a rebel, is captured while infiltrating the lab to help his pack bring it down. He ' s also been ordered by his leaders to search for Megan and save her life at all costs. Tortured by the enemy, he ' s offered one chance at survival – convince Megan to become his mate and assist the Khagrish with further experiments. *TIMTUR*: Far from her home in the human Sectors after the mass kidnapping, teacher Lily Garrison is making a niche for herself in the valley by running a school for the Badari young. Although she yearns for Timtur, the pack ' s healer, another Badari male has his eye on her and won ' t take no for an answer.
